Specialty Coffee Roaster | Focused on Precision, Flavor & Innovation | Doha-Based

ABOUT

My passion for understanding coffee on a deeper level is what led me into the world of roasting. With over 5 years of experience in specialty coffee roasting, I've developed a strong foundation in roast profiling, quality control, green bean selection, and team collaboration.

I bring a unique approach to coffee roasting by combining scientific precision with a deep respect for the craft and art of flavor development. Currently, I work as a Coffee Roaster at Wings Coffee Roasters in Doha, Qatar. My long-term goal is to keep evolving in the roasting field and eventually launch my own specialty coffee brand.
